Included with your EPOS device is an extended service package, which covers:

## Pre-sales (proof of concept)

Enjoy peace of mind during your trial period. Our dedicated experts will offer proactive support to ensure you get started with the product without any friction. We'll work closely with you to optimize your setup, address any initial hiccups, and make sure your trial runs smoothly.

## Guided deployment

When it's time to go live, our experts will guide and assist you throughout the deployment and installation process. They'll help get your meeting room solution up and running quickly, so you can focus on your core business.

## Post-installation check-ins

Our support team remains dedicated to your success even after deployment. Your dedicated EPOS Success Manager will proactively contact you every quarter for a year to ensure that your meeting room solution is working seamlessly and help you unlock the full potential of your product.
